*26th Annual*

*Emergency & Municipal Apparatus  
Maintenance Symposium*

September 24 thru 28, 2018  
at the

**OHIO FIRE ACADEMY**

The Ohio Association of Emergency Vehicle Technicians will present it's 26th Annual Emergency & Municipal Apparatus Maintenance Symposium September 24 thru 28, 2018.

Classes will be conducted at the Ohio Fire Academy 8895 E. Main St. Reynoldsburg, Ohio.

### SCHEDULE OF EVENTS

- Sept. 24-Monday      **REGISTRATION AND OPENING REMARKS**  
Registration 7:00 to 8:30 and Opening Remarks at 8:30
  
- Sept. 24 thru 28      **PRESENTATION OF CLASSES**  
Monday - Friday Class Instruction starts at 9 AM  
Monday - Thursday, class ends at 4 PM. Friday, class ends at noon.
  
- Sept. 25-Tuesday      **FINLEY FIRE EQUIPMENT TOUR & BBQ**  
Tour of Service Center. Door Prizes, Sales presentation, Apparatus showcase and dinner provided. Transportation provided by Finley Fire. Bus will leave host hotels promptly at 4:45 PM.
  
- Sept. 26-Wednesday      **OAEVT ANNUAL BANQUET AND AWARDS CEREMONY**  
Held at the Tall Timbers Banquet Center 13831 St Rt 40, Reynoldsburg, OH 43068.  
Social time: 5:30 PM, Meal 6:00 PM  
Advanced reservations are required. See Tuition Information.
  
- Sept. 26-Wednesday      **OAEVT ANNUAL MEETING**  
Held at the Tall Timbers Banquet Center 13831 St Rt 40, Reynoldsburg, OH 43068, following the banquet and awards ceremony. Starting time 7:00 PM.  
Admission is free to OAEVT members not attending the banquet.
  
- Sept. 27-Thursday      **EMERGENCY VEHICLE TECHNICIAN CERTIFICATION TESTING**  
Sept. 28-Friday      **Ohio Fire Academy. Time: 4:00 PM Thursday, 8:00 AM Friday.**  
Applicants must have preregistered and paid the required fees to the EVT Certification Commission prior to testing. Registration deadline, September 6, 2018. EVT Cert. Comm, P.O. Box 894, Dundee, IL 60118, 847-426-4075  
Testing is not required to attend the symposium.

### LODGING

Students are responsible for their own lodging. However, a group of rooms have been blocked at the Best Western Executive Suites 1899 Winderly Lane, Pickerington, OH 43147. Phone 614-860-9804. Confirmation OAEVT # 1646, with a special rate of \$72.00 per night for all style rooms, which includes a full breakfast bar. Ohio Fire Academy also has hotel style rooms available 1-888-726-7731  
Hampton Inn – East 1890 Winderly Lane, Pickerington, OH, OAEVT Group pricing, 614-864-8383  
Fairfield Inn & Suites – 2826 Taylor Rd Ext Reynoldsburg, 614-864-4555  
Holiday Inn – 2806 Taylor Rd Ext Reynoldsburg, 614-861-8888  
Hampton Inn – 2093 S Hamilton Rd Columbus, 614-552-2400

# **ATTENDEE REGISTRATION FORM**

## **2018 OHIO ASSOCIATION OF EMERGENCY VEHICLE TECHNICIANS EMERGENCY & MUNICIPAL APPARATUS MAINTENANCE SYMPOSIUM**

**NOTE: PLEASE PRINT or TYPE all information.** This form must be filled out completely or it will be returned to you. DEADLINE for registration is September 14, 2018. All late registrations after 9-14-18 will be required to pay a fee of \$25 per day/class or \$125 total for the week. Full registration refund prior to 8-24-18. 50% refund prior to 9-7-18. No refund after 9-7-18.

# TUITION INFORMATION

REGISTRATION CLOSSES SEPTEMBER 14, 2018

Late registration rate will be required. \$25 per day/class.

## FULL PACKAGE

Includes the 5 day symposium, daily lunch, and the Wednesday night Banquet:

\$425.00 \_\_\_\_\_

Daily Rate - Any Class..... \$150.00 \_\_\_\_\_

The Wednesday Night Banquet-

ADDITIONAL TICKETS ..... \$30.00 \_\_\_\_\_

TOTAL ENCLOSED \_\_\_\_\_

Late Registration after 9-14-18 Full Week..... \$125.00 \_\_\_\_\_

Per Day/Class..... \$25.00 \_\_\_\_\_

TOTAL INCLUDING LATE REGISTRATION \_\_\_\_\_

***Send registration form along with full tuition or payment verification:  
(for example, purchase order number from your employer)***

**Registration: Monday 7:00 AM to 8:30 AM Welcome & Opening Remarks: 8:30 AM  
Class Times: Classes are Monday thru Thursday from 9 AM to 4 PM, with one hour for  
lunch and two 15 minute breaks. Friday 9 AM - 12 PM**

Lunch will be in the Ohio Fire Academy cafeteria. Meal tickets will be issued to each student. Some classes are limited in size due to hands-on training. Register early, classes will be filled on a first come, first served basis.

Class registrations must be postmarked by September 14, 2018. Electronic or scanned registrations are encouraged; send to [pguhde@aol.com](mailto:pguhde@aol.com).

Certificates of attendance will be awarded upon payment of all fees and verification of attendance.

Students are responsible for providing suitable personal protective equipment, i.e., eye protection, hearing protection, as may be needed for the hands-on portion of any class.

O.A.E.V.T. reserves the right to cancel or substitute classes due to conditions beyond our control. Reasonable efforts have been made to confirm the classes and instructors scheduled.

Please call Pat Guhde (440) 476-8707 or E-mail at [pguhde@AOL.com](mailto:pguhde@AOL.com)

- Class 050 Rom Roll-Up Doors and Rom Products** **3 Hrs.**  
 This class will go over the set-up, installation, and operation of Roll up doors. Terry will have an actual door for the classroom portion and will be able to discuss, proper alignment, adjustment, and be able to work through electronic switch issues. The class will be able to go to the A building and use the skills learned on actual fire trucks at the Academy.  
*Instructor: Terry Bay, Rom Corporation*
- Class 051 Oil, Fuel, Antifreeze Clinic** **3 Hrs.**  
 This segment will touch on the hot topics listed above including the antifreeze mystery and the old vs new extended antifreeze. Ed will then go into the oil of today and the dynamic of increased heat from the new EPA compliant engines. The class will also go into oil analysis.  
*Instructor: Ed McGowan, 1st Choice Energy Services*
- Class 052 Akron Brass Valve ID, Maintenance and Repairs** **3 Hrs.**  
 This class will go over the cleaning, maintenance, Identification, and repair of Akron Brass valves and other Appliances. Class will include lecture and hands on some specific common nozzles used today. Class also will go over valve identification for rebuilding ball valves.  
*Instructor: Justin Yoder & Jeff Benson, Akron Brass Company*
- Class 053 Stryker Power Cot and Power Load** **3 Hrs.**  
 This class will go over the Stryker EMS product line on proper installation, use, cleaning and maintenance, and repairs. The products will include cot, power load, stair chairs and other EMS products. Class will focus on the power cot product and include installation, disassembly, assembly, regular maintenance and repairs for the widely popular Power Load Product  
*Instructor: Sean Hall, Allyson Wright, & Brandon Butcher, Stryker Medical*
- Class 054 Gates Belt Clinic** **3 Hrs.**  
 This class will go over belt type, application, wear factors and everything you ever wanted to know about belts, pulleys, alignment, and slippage. Bobby is the best is the business and you won't want to miss this class. He will cover it all  
*Instructor: Robert Bassett, Gates Corporation*
- Class 200 Pump Repair & Maintenance by Darley (Tuesday - Wednesday)** **12 Hrs.**  
 This two (2) day class covers the care, operation and maintenance of the Darley mid-ship pump, using an actual training pump components, the gearbox, impeller assembly and all valves normally supplied with the pump will be removed, explained, examined and re-assembled. Components will be Darley specific, and class will be a terrific refresher or can be used as a prep class.  
*Instructor: Lairy Normand, Darley Corporation*
- Class 300 EVT Prep Class, F - 6 Allison Automatic Transmissions (Tuesday & Wednesday)** **12 Hrs.**  
 This class prepares the technician to understand The EVTCC F – 6 exam which covers the basic design and performance requirements of Allison Automatic transmissions, components of electrical systems, and preventive maintenance and troubleshooting activities. Required text, NFPA 1911, Allison Publications, Mechanics tips booklets and Operators Manuals. Note; Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 & 9-28-18  
*Instructor: Al Conkle, Executive Director*
- Class 400 Sutphen Tower Maintenance Multiplex Systems (Wednesday – Thursday)** **6 Hrs.**  
 This class will cover the recommended maintenance practices specifically for the Sutphen Aerial product to include the multiplex portion of the outrigger interlock systems. Class will consist of classroom and an actual truck for hands-on. This is a two day class  
*Instructor: John Taylor & J R Garrison, Sutphen Corporation*
- Class 100 EVT Prep Class for F-3 Fire Pumps and Accessories** **6 Hrs.**  
 Class prepares the technician to understand the general design, performance and testing standards for pumper apparatus, per the NFPA 1901 & 1911. The technician will understand the hydraulic principles of water movement in pumping operations, learn the terms that relate to the basic hydraulic principles used in the fire service, understand the mechanical principles of pumps, pump controls and accessories during pumping operations, understanding the procedures necessary to overhaul a fire pump and the procedures of performing a pump service test. (Textbooks Recommended: NFPA 1901, NFPA 1911, NFPA 1915, Standards for Fire Apparatus Preventative Maintenance Program, IFSTA Pumping Apparatus Driver/Handbook, second edition. Note; Student Must be Pre-Registered with the EVTCC to take test.  
*Instructor: : Lairy Normand, Darley Corporation*
- Class 101 Disc & Drum Air Brake Maintenance and Repair** **6 Hrs.**  
 This class will cover air brake theory and proper set –up to enable the technician to understand the air brake system and properly troubleshoot and repair them. John will focus on the Air Drum and Air Disc systems and will have hands on demonstration stands for students to work on.  
*Instructor: John Merrifield, Spartan Chassis*
- Class 102 EVT Prep DO1 Driver Operator Inspection** **6 Hrs.**  
 This class covers the material of the Driver Operator to do a daily/ weekly check that will satisfy the new requirements of NFPA 1911 Standard for the Inspection, Maintenance, Testing, and Retirement of In-Service Emergency Vehicles 2017 edition. Note; Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 & 9-28-18  
*Instructor: Alan Conkle, OAEVT Executive Director*
- Class 103 Monday Fire Pump Familiarization** **6 Hrs.**
- Class 129 Thursday Fire Pump Familiarization** **6 Hrs.**  
 This class is designed for the technician to familiarize and understand Fire Pump operations and all the components of Fire Pump operation as used by the Firefighter. The class will enable practical evolutions to enable the technician to fully understand the common practices used at fire scenes and theory to back it up which will help identify problems or find specific problems or repairs when faced with them. Perfect class for the Technician that wants to know why all those chrome gauges, handles and labels. This one day class repeated twice 103 on Monday and 129 on Thursday  
*Instructor: Dave Woodward, Retired Violet Township Fire*
- Class 104 Basic Electrical Troubleshooting** **6 Hrs.**  
 This class is designed to instruct technicians on the repair and maintenance of Basic Electrical Systems. The class will start at the basics with power and ground and work up from there. Class includes lecture, demonstration, and hands- on instruction.  
*Instructor: Mike O'Neil, Spartan Chassis*
- Class 105 EVT Prep E-1 Design & Performance Standards of Ambulances** **6 Hrs.**  
 This class covers the general design and performance standards for ambulances as described in NFPA 1917, Standard for Automotive Ambulances, and general principles of preventive maintenance and servicing. . Note; Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 and/or 9-28-18  
*Instructor: Kenny Stevens, EVTS – Emergency Vehicle Technical Support Inc.*

- Class 106 Hydraulic Principles and Theory – Smart Power Generators** **6 Hrs.**  
 This class taught a senior trainer and manager in the field of hydraulic generators. Class will cover the hydraulic principles and theories and then get into the care and maintenance and proper installation of the smart power products. The instructors will also offer some common troubleshooting and repair procedures.  
*Instructor: Jordan Rautiola & Scott Jones, Smart Power*
- Class 107 EVT Prep Class, E- 2 & F – 4 Ambulance & Fire Truck Electrical Systems** **6 Hrs.**  
 This class prepares the technician to understand The EVTCC E-2 exam which covers the basic design and performance requirements of ambulance electrical systems, components of electrical systems, and preventive maintenance and troubleshooting activities. Also The EVTCC F-4 exam which covers the basic design and performance requirements of fire apparatus electrical systems, components of electrical systems, and preventive maintenance and troubleshooting activities. Required text, NFPA 1917 Standard, Heavy Duty Manual by Interstate Battery, Auto Electricity & Electronic Technology, Any Heavy Duty Truck Electrical Manual & Fire Dept. Pumping Apparatus Maintenance. Note: Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 & 9-28-18  
*Instructor: Mike Santilli, Fire House Electrical*
- Class 108 Cummins Engines ISB, ISC, ISL Maintenance and common failures** **6 Hrs.**  
**Class 122 Cummins Engines ISB, ISC, ISL Maintenance and common failures** **6 Hrs.**  
 This class will cover the Cummins product line from years back to current production to include the 5.9, 8.3, and the big block family. This technical trainer comes from Cummins Bridgeway Columbus branch and needless to say he has seen a bunch. Don't miss this.  
 Class Repeated, Monday and Wednesday  
*Instructor: Ron Heitman & Mike Baldwin, Cummins Bridgeway*
- Class 109 EVT Prep E-0 & F-1 Maintenance, Inspection, & Testing of Ambulances & Fire Trucks** **6 Hrs.**  
 This class covers the Maintenance, Inspection, and Testing of Ambulances as covered in NFPA 1917 Standard, Meritor Preventive Maintenance and Lubrication, and NFPA 1911, Standard for the Inspection, Maintenance, Testing and Retirement of In-Service Fire Apparatus. Note; Student Must be Pre-Registered with the EVTCC to take test on 9-28-17 and/or 9-29-17  
*Instructor: John Merrifield, Spartan Chassis*
- Class 110 Sutphen Custom Pumper Maintenance** **6 Hrs.**  
 This class will cover the recommended maintenance practices specifically for the Sutphen product. Class will consist of classroom and an actual truck for hands-on.  
*Instructor: John Taylor, Sutphen Corporation, JR Garrison Sutphen Corporation*
- Class 111 Intermediate Electrical Troubleshooting by Spartan** **6 Hrs.**  
 This class is designed to instruct technicians on the repair and maintenance of Electrical Systems. The class will continue to test your basic knowledge with power and ground and work up to become an Intermediate electrical troubleshooter.. Class includes lecture, demonstration, and hands- on instruction.  
*Instructor: Mike O'Neil, Spartan Chassis*
- Class 112 EVT Prep E-3 Ambulance HVAC** **6 Hrs.**  
 This class covers basic design, requirements and components of these systems.  
 Note: Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 and/or 9-28-18  
*Instructor: Kenny Stevens, EVTS – Emergency Vehicle Technical Support Inc.*
- Class 113 Apparatus Corrosion / Pierce Telematics System** **6 Hrs.**  
 This class will cover the recommended maintenance practices specifically to combat corrosion for Fire Apparatus products, and the pierce Telematics Data system Class will consist of classroom and an actual truck for hands-on.  
*Instructor: Jeff Rhein & Mark Smith, Pierce / Finley Fire Equipment*
- Class 114 Tuesday 120 Volt Line Voltage AC Elec. Theory and Generator Power on Vehicles** **6 Hrs.**  
**Class 121 Wednesday 120 Volt Line Voltage AC Elec. Theory and Generator Power on Vehicles** **6 Hrs.**  
 This class will start out with 120 volt AC theory and actually the power plant. This class was originally designed for Firefighter safety and awareness, Mike will take you from the power plant, transmission lines to the household outlet and then continue on to the vehicle mounted generators and you will also see some material for the EVT F – 4A test. Mike will discuss safety for generator installations, wire sizing and any additional 120 volt power needs that you may planning.  
*Instructor: Mike Santilli, Fire House Electrical*
- Class 115 International Engine Maintenance and After Treatment** **6 Hrs.**  
**Class 131 International Engine Maintenance and After Treatment** **6 Hrs.**  
 This class will cover the Diamond Logic and ISIS systems used by International Truck to diagnose and repair the engine and chassis systems. Joel will present material for the DT and V8 Engine product line as well as maintenance tips and tricks for the exhaust after treatment systems. Class repeated Tuesday & Thursday  
*Instructor: Joel Crist & Tim White, International Truck – Rush International*
- Class 116 Spartan Air Conditioning Maintenance and Repair** **6 Hrs.**  
 This class taught by John should say it all, but he will go over in the classroom basics and theory first and then move to the demo to do some hands on. Class will include maintenance, troubleshooting and repair of the air conditioning systems in fire apparatus.  
*Instructor: John Merrifield, Spartan Chassis*
- Class 118 Advanced Electrical Troubleshooting** **6 Hrs.**  
 This day class is designed to instruct the technician on the repairs and maintenance of Fire Apparatus Electrical Equipment. Students should either have EVT F- 4 or have been through an intermediate class first or have a good understanding of power and ground, volts, and amps as then apply to Apparatus. Class includes lecture, demonstration, and hands-on instruction. The Weldon Multiplex system will be include in the segment.  
*Instructor: Mike O'Neil, Spartan Chassis*
- Class 119 EVT Prep E-4 Ambulance Cab, Chassis, & Power Train** **6 Hrs.**  
 This class covers basic design, requirements and components of these system sand which are unique to Ambulances.  
 Note: Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 and/or 9-28-18  
*Instructor: Kenny Stevens, EVTS – Emergency Vehicle Technical Support Inc.*
- Class 120 Pierce Clean Cab Initiative / Equipment Mounting** **6 Hrs.**  
 This class will get into detail the Clean Cab Initiative effort that Pierce has been involved in for the safety of the Fire Crew. Jeff and Mark will discuss the history of the initiative from concept to today's actual recommendations for the safest ways to stow equipment and gear. The segment will also cover best practices for safe and effective mounting of the equipment.  
*Instructor: Jeff Rhein & Mark Smith, Pierce / Finley Fire Equipment*

**Class 123 EVT Prep F-7 Foam Systems****6 Hrs.**

Class prepares the technician to understand the general design, performance and testing standards for Foam Systems, per the NFPA 1901 & 1911. Note; Student Must be Pre-Registered with the EVTCC to take test on 9-28-17 or 9-29-17

*Instructor: Lairy Normand, Darley Corporation*

**Class 124 EVT Prep E-0 & F-1 Maintenance, Inspection, & Testing of Ambulances & Fire Trucks** **6 Hrs.**

This class covers the Maintenance, Inspection, and Testing of Ambulances as covered in NFPA 1917 Standard, Meritor Preventive Maintenance and Lubrication, and NFPA 1911, Standard for the Inspection, Maintenance, Testing and Retirement of In-Service Fire Apparatus. Note; Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 and/or 9-28-18

*Instructor: John Merrifield, Spartan Chassis*

**Class 125 Advance Electrical / Multiplexing By Weldon****6 Hrs.**

This class is designed to instruct technicians on the repair and maintenance of V-Mux Electrical Systems. The class will start at the basics with power and ground and work up from there. Class includes lecture, demonstration, and hands- on instruction.

*Instructor: Jeff Dilgren, Weldon – Akron Brass*

**Class 127 Data Link Diagnostics, Code Reading via gauges, DVM****6 Hrs.**

This class is designed to instruct the participant on how to extract information from the fire truck electronics used the above methods.

Mike knows his way around the truck and will help you use the trucks technology to help diagnose issues that you have. Bring your electronic tools and he will also be able to show you how to use them.

*Instructor; Mike O'Neil, Spartan Chassis*

**Class 128 EVT Prep Class for F-3 Fire Pumps and Accessories****6 Hrs.**

Class prepares the technician to understand the general design, performance and testing standards for pumper apparatus, per the NFPA 1901 & 1911. The technician will understand the hydraulic principles of water movement in pumping operations, learn the terms that relate to the basic hydraulic principles used in the fire service, understand the mechanical principles of pumps, pump controls and accessories during pumping operations, understanding the procedures necessary to overhaul a fire pump and the procedures of performing a pump service test. (Textbooks Recommended: NFPA 1901, NFPA 1911, NFPA 1915, Standards for Fire Apparatus Preventative Maintenance Program, IFSTA Pumping Apparatus Driver/Handbook, second edition. Note; Student Must be Pre-Registered with the EVTCC to take test on 9-27-18 and/or 9-28-18

*Instructor: : Kenny Stevens, EVTS – Emergency Vehicle Technical Support Inc.*

**Class 130 EVT Prep F – 2 Design and Performance Standards of Fire Apparatus****6 Hrs.**

This class prepares the technician to understand the EVTCC F – 2. This class covers design and performance standards and accepted practices used for the Standard for the Inspection, Maintenance, Testing, and Retirement of In-Service Automotive Fire Apparatus.

Textbook Recommended NFPA 1901, 2009 & IFSTA Pumping Apparatus / Driver/ Operator Handbook Note; Student Must be Pre-Registered with the EVTCC to take test on on 9-27-18 and/or 9-28-18

*Instructor: Mike Santilli, Fire House Electrical*
