## ***OAEVT: Safety through Education and Training***

**Ohio Association of Emergency Vehicle Technicians (OAEVT)** is a not-for-profit organization, formed in early 1992, to serve the Emergency Vehicle Technician (EVT). EVT's are the people who face the challenge of maintaining the equipment Firefighters, Paramedics and EMTs rely on day-in and day-out under the most severe conditions. The goals of our organization are education, networking, and training. For more information go to [www.oaevt.org](http://www.oaevt.org)

**Weldon, an IDEX Fire & Safety brand**, designs and manufactures state-of-the-art vehicle lighting and customized electrical control solutions for the pupil transportation, specialty vehicle, and emergency services industries. Since 1967, Weldon has been committed to exceeding customers' expectations through a program of engineering development, applied technology and exceptional response to market demand. Weldon headquarters are in Columbus, OH.
